Agency for International Development  
Washington, D.C. 20523

Bureau for Near East

**NEAR EAST: Portfolio of Project/Program  
Loans and Grants**

October 1, 1982

Bureau for Near East  
Agency for International Development  
International Development Cooperation Agency  
Washington, D. C.

This report covers the portfolio of planned and approved projects under the management of A.I.D.'s Near East Bureau.

Part I contains a listing of loans and grants approved during fiscal year 1982 and those being considered for approval in fiscal year 1983. The project description, dollar amount, and host country implementing agency are included in this section. If you require additional information on individual projects or programs, please contact the Chairperson indicated for each project on area code (202), prefix 63-.

Part II lists the ongoing projects involving loans and grants authorized during fiscal year 1982 and earlier.

If you wish to be placed on the mailing list to receive a copy of this report on a quarterly basis, call area code (202), 632-1830, or write to:

<u>EGYPT</u>			
21) Ministry of Health	1983	LOP 50.0 (G)	<u>Health Care Sector Support (263-0145)</u>

This project will build upon AID experience gained to date in the provision of basic, low-cost health services and will allow for expansion of several activities being undertaken by AID in health care services. Major pilot and experimental efforts have already been undertaken in (a) rural health, (b) urban health, (c) family planning, and (d) treatment of diarrhea disease. This activity will seek to generalize lessons learned through earlier AID involvement to allow general health services more effectively to focus on reducing infant mortality, improving life expectancy, and reducing population growth.

23) (To be determined)	1983	21.5 (G)	
------------------------	------	----------	--

Low Income Water Wastewater  
(263-0155)

To strengthen and expand the capability of Giza and Alexandria to provide potable water and wastewater services in under-serviced, low income communities. The following achievements are anticipated: installation of 20,000 metered water house connections and 200 public stand pipes; importation of 240 pieces of wastewater collection equipment, and improved collection service to 16,000 wastewater vaults.

The project will improve an existing credit program enabling beneficiaries to finance their improvements and private wastewater collectors to finance improved equipment purchases. An estimated half-million low income people will receive benefits.
