**SUMMARY OF USAID FUNDING FOR
ACUTE RESPIRATORY INFECTION (ARI)**

The Health Projects Database (HPD) is a comprehensive inventory of health related projects that have been funded by the U.S. Agency for International Development (USAID) since 1975. Supported by USAID's Office of Health and Nutrition, Bureau for Global Programs, Field Support and Research, the HPD tracks bilateral, regional and centrally funded projects and sub-projects with a health component, including child survival, AIDS, nutrition, water supply and sanitation, and other health related activities. Projects are identified for the HPD through the annual USAID Health and Child Survival Project Questionnaire, Annual Budget Submissions (ABS), Congressional Presentations (CP), and the Activity Code/Special interest (AC/SI) System.

This report includes a table, a graph, and project listings documenting USAID funding for ARI activities for FY89 through FY94. The table summarizes USAID funding for all ARI activities for FY89 to FY94 by region. The project listings contain the amount of funding for each project with ARI activity by region and country.

The funding amounts for FY85-FY91 reported here are based on final fiscal year obligations reported in the CP, and on percentages attributions for ARI activities reported in the annual Health and Child Survival Project Questionnaires. The final reporting for FY92-FY93 and the estimated reporting for FY94 are calculated from the AC/SI system maintained by The Office of Budget, Bureau for Management of USAID. The calculations are performed by CIHI from a subset of the AC/SI database. CIHI makes no attempt to perform quality control checks on the AC/SI data beyond those related to those calculations.

Reported obligations are from all accounts including Economic Support Fund and Special Assistance Initiative for all fiscal years except FY87-91, which excludes Population Account. PL480 funds are not included in this report.

Child Survival grants to Private Voluntary Organizations (PVOs) funded by the Office of Private and Voluntary Cooperation, Bureau for Humanitarian Response (BHR/PVC) are allocated to the regions in which each PVO is working in FY85 through FY91 and are under "Global" in FY92 through FY94.
