Data sources: Incident data is mapped by iMAP from UNDSS-SIOC reports, British Embassy and open sources. Data is cross-checked for duplication and cleaned where possible. Casualty figures are not official figures. Target of incidents against local population refers to the actual target of an event, and does not consider the intended target. The casualty figures include all civilian casualties

Civilian: inhabitant of Afghanistan following the pursuits of civil life, especially one who is not an active member of the military, the police, or a belligerent group.
