Dated May 18 , 1983

Between

The Republic of Lebanon ("Grantee") acting through  
The Council for Development and Reconstruction ("CDR")

and

The United States of America, acting through  
Agency for International Development ("A.I.D.").

Article 1: The Agreement

The purpose of this Agreement is to set out the understandings of the parties named above ("Parties") with respect to the undertaking by the Grantee of the Project described below, and with respect to the financing of the Project by the Parties.

Article 2: The Project

Section 2.1. Definition of Project. The Project, which is further described in Annex 1, will support CDR in dealing with the tasks of national reconstruction and economic development. The Grant shall be for the use of the CDR and will finance consultant services in reconstruction and economic development planning and implementation, including public finance, public administration and engineering and technical advice. Annex 1, attached, amplifies the above definition of the Project. Within the limits of this definition of the Project, elements of the amplified description stated in Annex 1 may be changed by written agreement of the authorized representatives of the Parties named in Section 8.2. without formal amendment of this Agreement.

Section 2.2. Incremental Nature of Project

(a) A.I.D.'s contribution to the Project will be provided in increments, the initial one being made available in accordance with Section 3.1 of this Agreement. Subsequent increments will be subject to availability of funds to A.I.D. for this purpose, and to the mutual agreement of the Parties, at the time of a subsequent increment, to proceed.

Article 2: The Project (Continued)

(b) Within the overall Project Assistant Completion Date stated in this Agreement, A.I.D., based upon consultation with the Grantee, may specify in Project Implementation Letters appropriate time periods for the utilization of funds granted by A.I.D. under an individual increment of assistance.

Article 3: Financing

Section 3.1. The Grant. To assist the Grantee to meet the costs of carrying out the Project, A.I.D., pursuant to the Foreign Assistance Act of 1961, as amended, agrees to grant the Grantee under the terms of this Agreement not to exceed Two Million Two Hundred and Fifty Thousand (United States ("U.S.") Dollars (\$2,250,000) ("Grant"). The Grant may be used to finance foreign exchange costs, as defined in Section 6.1, and local currency costs, as defined in Section 6.2., of goods and services required for the Project.

Section 3.2. Grantee Resources for the Project. The Grantee agrees to provide or cause to be provided for the Project all funds, in addition to the Grant, and all other resources required to carry out the Project effectively and in a timely manner.

Section 3.3. Project Assistance Completion Date.

(a) The "Project Assistance Completion Date" (PACD), which is June 30, 1985, or such other date as the Parties may agree to in writing, is the date by which the Parties estimate that all services financed under the Grant will have been performed and all goods financed under the Grant will have been furnished for the Project as contemplated in this Agreement.

(b) Except as A.I.D. may otherwise agree in writing, A.I.D. will not issue or approve documentation which would authorize disbursement of the Grant for services performed subsequent to the PACD or for goods furnished for the Project, as contemplated in this Agreement, subsequent to the PACD.

(c) Requests for disbursement, accompanied by necessary supporting documentation prescribed in Project Implementation Letters, are to be received by A.I.D. or any bank described in Section 7.1 no later than nine (9) months following the PACD, or such other period as A.I.D. agrees to in writing. After such period, A.I.D., giving notice in writing to the Grantee, may at any time or times reduce the amount of the Grant by all or any part thereof for which requests for disbursement, accompanied by necessary supporting documentation prescribed in Project Implementation Letters, were not received before the expiration of said period.

Article 4: Conditions Precedent to Disbursement

Section 4.1. First Disbursement. Prior to the first disbursement under the Grant, or to issuance by A.I.D. of documen-

6

tation pursuant to which disbursement will be made, the Grantee will, except as the Parties may otherwise agree in writing, furnish to A.I.D. in form and substance satisfactory to A.I.D.:

(c) An executed contract for multidisciplinary consulting services for the Project acceptable to A.I.D. with a firm acceptable to A.I.D.

SECTION 4.2. Notification. When A.I.D. has determined that the conditions precedent specified in Section 4.1 have been met, it will promptly notify the Grantee.

SECTION 4.3. Terminal Dates for Conditions Precedent. If all of the conditions precedent specified in Section 4.1 have not been met within 60 days from the date of this Agreement, or such later date as A.I.D. may agree to in writing, A.I.D., at its option, may terminate this Agreement by written notice to the Grantee.

AMPLIFIED PROJECT DESCRIPTION

1. DESCRIPTION: Elements of this Amplified Project Description may be changed by written agreement of the authorized representatives of the parties named in the Grant Agreement without formal amendment of the Agreement, provided that such changes are within the general scope of the Project as set forth in the text of the Agreement.

The purpose of this project is to support the CDR in dealing with the challenges and tasks of national reconstruction and economic development in Lebanon. The Project will therefore provide financing for a contract with a qualified U.S. consulting firm or association of U.S. consulting firms for the provision of a multidisciplinary team of long and short-term advisors. The contractor will work under the management of CDR, retaining, however, full responsibility for the performance of all tasks assigned under the terms of the contract. The contractor will be expected to maximize the participation of CDR personnel in all activities related to the Scope of Work. The contractor will be in the exclusive employ of the CDR. It is understood that A.I.D. will have access to the consultant and his work as appropriate.

The contractor's Scope of Work basically describes the tasks that the CDR itself must accomplish over the next two years in the planning and implementation of Lebanon's reconstruction and economic development. The consultant firm will provide technical assistance in support of the CDR's reconstruction and development planning activities. These may be conceptually divided into several related activities:

(a) assessment of damage to the infrastructure, in cooperation with the appropriate specialized GOL agencies and building on previous work of the CDR, the World Bank, and other institutions; (b) establishment of the public finance framework, in cooperation with the Ministry of Finance; (c) preparation of an indicative planning framework supported by sector strategy special studies; (d) planning and coordinating the preparation of reconstruction projects, in cooperation with the appropriate GOL executing agencies; (e) assessment of implementation capabilities and technical assistance requirements of various GOL executing agencies; (f) assist the CDR in suggesting the creation of new agencies, strengthening or merging existing agencies; and (g) monitoring implementation of the reconstruction program and other projects within the normal budget. These respective activities shall be carried out in a manner which facilitates the institution building impact of the consultant's interaction with Lebanese government organizations.

(ANNEX 1 Cont'd)

The approach to defining, preparing, and implementing reconstruction programs and projects shall follow an iterative path. In the first round, a small number of high priority projects will be identified by CDR, and promptly prepared and implemented by the executing ministries/agencies. High priority projects can be initiated immediately on the basis of a first tranche, to be followed with adequate studies that would assist in the design and implementation of the projects to be financed by subsequent tranches. In the second round, the same areas covered in the first round would be looked at in greater detail, while new areas of lesser priority are brought into the domain of CDR activity. In this fashion, initial investments will enable work to get under way immediately in a wide range of sectors, while additional studies and refinements are being carried out in parallel to ensure proper positioning and complementarity of further investments. Those additional studies will contribute both to the articulation of sectoral strategies given the framework provided by the indicative implementation plan for physical reconstruction, and establish investment priorities in the major sectors of the economy.

The contractor will provide a team composed of short and long term advisors representing the following specialized fields of interest; Economic Development Planning, Public Finance, Public Administration, Transportation, Communications, Electric Generation, Water, Sewerage, Health, Education, and other fields as required during the life of the contract.

II. EVALUATION: USAID will conduct a mid-term and a final evaluation of the implementation of this Project and will also maintain close contact with the CDR throughout the life of the host country contract.

(b) that it will inform A.I.D. in timely fashion of any subsequent facts and circumstances that might materially affect, or that it is reasonable to believe might so affect, the Project or the discharge of responsibilities under this Agreement.

SECTION B.7. Other Payments. Grantee affirms that no payments have been or will be received by any official of the Grantee in connection with the procurement of goods or services financed under the Grant, except fees, taxes, or similar payments legally established in the country of the Grantee.

SECTION C.7. Insurance.

(a) Marine insurance on goods financed by A.I.D. which are to be transported to the territory of the Grantee may be financed as a Foreign Exchange Cost under this Agreement provided (1) such insurance is placed at the lowest available competitive rate, and (2) claims thereunder are payable in U.S. dollars or, as A.I.D. may agree in writing, in the currency in which such goods were financed or in any freely convertible currency. If the Grantee (or government of Grantee), by statute, decree, rule, regulation, or practice discriminates with respect to A.I.D.-financed procurement against any marine insurance company authorized to do business in any State of the United States, then all goods shipped to the territory of the Grantee financed by A.I.D. hereunder will be insured against marine risks and such insurance will be placed in the United States with a company or companies authorized to do a marine insurance business in a State of the United States.

(b) Except as A.I.D. may otherwise agree in writing, the Grantee will insure, or cause to be insured, goods financed under the Grant imported for the Project against risks incident to their transit to the point of their use in the Project; such insurance will be issued on terms and conditions consistent with sound commercial practice and will insure the full value of the goods. Any indemnification received by the Grantee under such insurance will be used to replace or repair any material damage or any loss of the goods insured or will be used to reimburse the Grantee for the replacement or repair of such goods. Any such replacements will be of source and origin of countries listed in A.I.D. Geographic Code 935 as in effect at the time of replacement, and, except as the Parties may agree in writing, will be otherwise subject to the provisions of the Agreement.

The Grantee agrees that wherever practicable, United States Government-owned excess personal property, in lieu of new items financed under the Grant, should be utilized. Funds under the Grant may be used to finance the costs of obtaining such property for the Project.

Article D: Termination Remedies.

SECTION D.1. Termination. Either Party may terminate this Agreement by giving the other Party 30 days written notice. Termination of this Agreement will terminate any obligations of the Parties to provide financial or other resources to the Project pursuant to this Agreement, except for payment which they are committed to make pursuant to noncancellable commitments entered into with third parties prior to the termination of this Agreement. In addition, upon such termination A.I.D. may, at A.I.D.'s expense, direct that title to goods financed under the Grant be transferred to A.I.D. if the goods are from a source outside Grantee's country, are in a deliverable state and have not been offloaded in ports of entry of Grantee's country.

SECTION D.2. Refunds.

(a) In the case of any disbursement which is not supported by valid documentation in accordance with this Agreement, or which is not made or used in accordance with this Agreement, or which was for goods or services not used in accordance with this Agreement, A.I.D., notwithstanding the availability or exercise of any other remedies under this Agreement, may require the Grantee to refund the amount of such disbursement in U.S. Dollars to A.I.D. within sixty (60) days after receipt of a request therefor.

(b) If the failure of Grantee to comply with any of its obligations under this Agreement has the result that goods or services financed under the Grant are not used effectively in accordance with this Agreement, A.I.D. may require the Grantee to refund all or any part of the amount of the disbursements under this Agreement for such goods or services in U.S. Dollars to A.I.D. within sixty days after receipt of a request therefor.

(c) The right under subsection (a) or (b) to require a refund of a disbursement will continue, notwithstanding any other provision of this Agreement, for three years from the date of the last disbursement under this Agreement.

(d) (1) Any refund under subsection (a) or (b), or (2) any refund to A.I.D. from a contractor, supplier, bank or other third party with respect to goods or services financed under the Grant, which refund relates to an unreasonable price for or erroneous invoicing of goods or services, or to goods that did not conform to specifications, or to services that were inadequate, will (A) be made available first for the cost of goods and services required for the Project, to the extent justified, and (B) the remainder, if any, will be applied to reduce the amount of the Grant.

Article D: Termination; Remedies (Continued)

(e) Any interest or other earnings on Grant funds disbursed by A.I.D. to the Grantee under this Agreement prior to the authorized use of such funds for the Project will be returned to A.I.D. in U.S. Dollars by the Grantee.

SECTION D.3. Nonwaiver of Remedies. No delay in exercising any right or remedy accruing to a Party in connection with its financing under this Agreement will be construed as a waiver of such right or remedy.

SECTION D.4. Assignment. The Grantee agrees, upon request, to execute an assignment to A.I.D. of any cause of action which may accrue to the Grantee in connection with or arising out of the contractual performance or breach of performance by a party to a direct U.S. Dollar contract with A.I.D. financed in whole or in part out of funds granted by A.I.D. under this Agreement.
