INTRODUCTION

PURPOSE

This issue of the A.I.D. Memory Documents is devoted to research documents that have been produced with A.I.D. financing from 1962 to July 1972. This is part of the continuing effort of the A.I.D. Reference Center (ARC), in cooperation with the Office of A.I.D. Research and University Relations, Technical Assistance Bureau, to increase the awareness of these documentary resources and also make them available.

A second issue is now in preparation which will complete the listing of all research documents considered to be of continuing value. Current research documents will be listed in the quarterly publication, A.I.D. Research Abstracts.

HOW TO USE THIS CATALOG

The full citation of an item will be found in the section entitled “Bibliographic Listing.” In this section items are grouped by primary subject field according to the Dewey Decimal Classification System and are listed chronologically by ARC reference numbers. Each item, or citation, is described by standard bibliographic information: title; corporate author; personal author; date; number of pages; contract and/or project numbers; availability statement including document order number and pricing; abstract; and ARC number. The contents of each item are indicated by means of key words, or descriptors.

Four indexes organize the listings in this issue by subject; personal author; corporate author; and contract and project number. Each item in an index is identified by title, ARC reference number, and the first three digits of the subject field. An “edge index” on the back cover provides easy access to the subject fields within the “Bibliographic Listing.”

HOW TO OBTAIN RETENTION COPIES

Retention copies are available only from NTIS. The A.I.D. Reference Center and the Office of A.I.D. Research and University Relations, Technical Assistance Bureau have made special arrangements with the National Technical Information Service, of the U.S. Department of Commerce, to provide paper copies of documents listed in this catalog. To obtain retention copies of listed documents, follow the ordering instructions below.

A. Please obtain the correct NTIS Accession Number and Unit Price from the Bibliographic Section (See Diagram on Order Form)

B. Using a copy of the enclosed form or a letter which gives equivalent information send your order to:
   National Technical Information Service
   Springfield, Virginia 22151
   United States of America

C. Prepayment is appreciated and several methods for payment are outlined below:

1. CHECK OR MONEY ORDER. If you prefer to pay by check or money order, make payable to the National Technical Information Service and attach to your order.
2. SPECIAL NOTE FOR OUR CUSTOMER FROM ABROAD. A customer overseas who prefers to pay by check should provide his bank with two copies of the NTIS order form and a request that a check, drawn on a U.S. Bank, be made payable to the National Technical Information Service. Two copies of the NTIS order form should accompany the bank's request to a U.S. bank. The U.S. bank will forward one copy of the order form with its check to NTIS. Please add $2.50 to the published prices of each document to cover handling and postage.

3. BILLING. NTIS will bill you for your order if you wish (not applicable to foreign orders). A fee of 50 cents per item shipped is charged for such orders. Please check the appropriate box on the NTIS form if you wish to be billed. Private firms that want the documents shipped in advance of payment, should use the firm's purchase order. U.S. Government organizations may use SF 1155 to order documents and NTIS will bill using SF 1080. An additional fee will not be charged U.S. Government organizations.

4. NTIS DEPOSIT ACCOUNT. A deposit account may be established at NTIS with an initial deposit of $25.00 or an amount equal to at least $25.00 more than the initial order. Documents and services are automatically debited against the account through the use of preaddressed deposit account order forms furnished by NTIS. Holders of deposit accounts receive monthly statements showing transactions and account balance. A letter requesting the opening of an account should be accompanied by a check in the correct amount drawn on a U.S. bank, a SF 1155, or a firm's purchase order, as appropriate. Published prices for NTIS products are subject to change. If the price of your order has changed, your order will be shipped, and you will be billed if an additional amount is due. Foreign orders will be rejected if there is not sufficient funds.

LOANS TO A.I.D. PERSONNEL

AID/W: AID personnel in Washington may borrow documents in person from the A.I.D. Reference Center, Room 1656 State Department Building, or in writing by means of a 2-Way Memo (SF-27), addressed to the ARC, stating the ARC reference number and title of each document requested. Loans will generally not exceed five days. Requests from the headquarters offices of AID contractors or participating agency personnel will be processed by the appropriate AID project manager or supporting office.

USAID: AID personnel at Missions may borrow documents by addressing to the ARC a 2-Way Memo (SF-27), stating the ARC reference numbers and titles of the documents requested. Requests from participating agency and AID contractor personnel associated with a Mission will be made through the appropriate AID project manager. Loans to Mission personnel will be no longer than 30 working days, including transmission time. It is the general policy of ARC not to lend documents to non-AID personnel. Non-AID personnel may use the ARC's collection in Room 1656, New State Building by arrangement with the appropriate AID/W technical office.

HOW TO ORDER FROM NTIS

Retention copies are available only from NTIS. The A.I.D. Reference Center and the Office of A.I.D. Research and University Relations, Technical Assistance Bureau have made special arrangements with the National Technical Information Service, of the U.S. Department of Commerce, to provide paper copies of documents listed in this catalog. To obtain retention copies of listed documents, follow the ordering instructions below.

A. Please obtain the correct NTIS Accession Number and Unit Price from the Bibliographic Section (See Diagram on Order Form)

B. Using a copy of the enclosed form or a letter which gives equivalent information send your order to:

National Technical Information Service
Springfield, Virginia 22151
United States of America

C. Prepayment is appreciated and several methods for payment are outlined below:

1. CHECK OR MONEY ORDER. If you prefer to pay by check or money order, make payable to the National Technical Information Service and attach to your order.

2. SPECIAL NOTE FOR OUR CUSTOMER FROM ABROAD. A customer overseas who prefers to pay by check should provide his bank with two copies of the NTIS order form and a request that a check, drawn on a U.S. Bank, be made payable to the National Technical Information Service. Two copies of the NTIS order form should accompany the bank's request to a U.S. bank. The U.S. bank will forward one copy of the order form with its check to NTIS. Please add $2.50 to the published prices of each document to cover handling and postage.

3. BILLING. NTIS will bill you for your order if you wish (not applicable to foreign orders). A fee of 50 cents per item shipped is charged for such orders.

4. NTIS DEPOSIT ACCOUNT. A deposit account may be established at NTIS with an initial deposit of $25.00 or an amount equal to at least $25.00 more than the initial order. Documents and services are automatically debited against the account through the use of preaddressed deposit account order forms furnished by NTIS. Holders of deposit accounts receive monthly statements showing transactions and account balance. A letter requesting the opening of an account should be accompanied by a check in the correct amount drawn on a U.S. bank, a SF 1155, or a firm's purchase order, as appropriate.
